

CONSISTENT CARE

Our community has been in operation since 1995. We provide assistance for activities of daily living, medication management, personal care and transportation, and our commitment to customer service is second to none. Our staff has consistency and longevity with our floor staff and administrative team with decades of experienced team members in the senior health care industry.

A GREAT PLACE TO CALL HOME

We welcome you to Carolina Gardens at West Columbia, a great place to meet new people, keep active, and feel right at home.

OUR LOCATION

We are a centrally located Community for the convenience of families and friends that live throughout the Columbia Metro area. Less than 2 miles from a major hospital, Lexington Medical Center. We are also next door to a Skilled Nursing and Rehab Long Term Community, so if residents are in need of rehab, they do not have to be relocated and friends or family can still visit the same area during their loved ones recovery.

CAROLINA GARDENS

Senior Living at West Columbia

An Assisted Living and
Memory Care Community

ALONG THE JOURNEY

Memory Care Program

Carolina Gardens is the perfect place for those with memory impairments, such as Alzheimer's and Dementia, and require additional care and attention. Our memory care wing features an enclosed courtyard where residents can remain safe and go outside for fresh air or family visits.

Our memory care residents are compassionately cared for by our staff who have been specifically trained to care for elders with Alzheimer's and Dementia 24-hours a day, 7-days a week. Each resident will have access to optimal care and an activities program designed for their needs, interests and capabilities.

ASSISTED LIVING

The care that each resident receives at Carolina Gardens is unique to his or her needs. Each resident is assessed upon move-in and regularly thereafter. This ensures our residents are always receiving the proper care for their needs. Our focus is on overall wellness and supporting independence.

Benefits of Assisted Living

- 1. Safety.** Our number one priority is safety of our residents, and our communities are equipped with safety railings, safety bars, and a trained staff.
- 2. Medication Management.** Through your physician's orders and our preferred pharmacy, we can take care of ordering, storing and administering medications.
- 3. Daily Activities & Outings.** Our Life Enrichment Director gets to know each resident and adds new activities based on resident interests and likes.
- 4. Maintenance-Free Living.** Residents will never have to worry about a "honey-do" list like replacing light bulbs, landscaping or mowing the lawn. We also provide weekly housekeeping and laundry services. We take complete care of the community inside and out.
- 5. Fresh, Nutritious Meals.** Every day we offer 3 nutritious and delicious meals plus snacks in our cozy restaurant-like dining area.

LIFE ENRICHMENT

Our Life Enrichment Director meets with new residents individually to complete detailed activity profiles, learn about their interests, and develop plans to meet their particular needs. Popular activities include unique dining experiences at favorite local restaurants and shopping trips to stores like Walmart and Target. We also take seasonal trips to the riverwalk, Lake Murray, the South Carolina State Museum, River Banks Zoo and much, much more.

ADDED TREATMENT OPTIONS

We have an outside physicians service available for the convenience of residents and families. The physicians service comes to our community once per week. With these services our Director of Nursing can help triage medicine changes, UTI's, colds, stomach bugs, and more. Residents can sit and relax without having to schedule a doctor's visit or worry about a trip to the pharmacy. All for the convenience of the residents and families.

At Carolina Gardens at West Columbia we also have a rehabilitation gym that residents can use when they need additional therapy after an event or injury. Simply have your physician write an order for ST, PT or OT and our outside therapy group can help. All with the convenience of having their sessions conducted right here at the community so they can get back to their regular routine quickly.
